✚ HOSPITAL

Hospital CAPS, the new customised business software solution from DESIGNA. Devised to meet the needs of your sector, it includes the specific software features that are required in your area of activity. Scaling up is easy when, for example, you wish to expand your range of services or optimise your workflow. Hospital CAPS is available in three different feature levels. The choice is yours.

✚ CAPS
PRO — HOSPITAL

- **Ticket Tracking**
  Detailed ticket information helps avoiding manual gate openings.

- **Hotel Ticket**
  Flexible rates and valid period. Consistent data.

- **Debit Card (Value Card) Balance**
  Transparency of debit card values for end-of-year reports.

- **MPS/APS-Shift Report**
  Detailed cashflow reporting per individual paystation.

- **Season Parker Report**
  Enables revision of Season Parker usage to easily identify misuse.

- **Value Check Processing (Chaser)**
  Possibility to deal with chaser tickets (vouchers) value-based by having individual reports for used ones.

- **Time Check Processing (Chaser)**
  Possibility to deal with chaser tickets (vouchers) time-based by having individual reports for used ones.

DESIGNA

✚ CAPS
PRIME — HOSPITAL

- **Lost Ticket @ exit without Ticket**
  Less operation service reduces manual opening. Speeds up traffic flow.

- **Charging Station Release**
  eCharging pole management.

- **Park Check Report (also for MCU)**
  Cost center capability and flexible analysis possibilities.

- **Customer Related Counting**
  Enables car pool parking (convenience and system control).

- **QR-Code Discount / Tariff Switching**

- **Taxi Ranking**

- **Availability Report**

DESIGNA

✚ CAPS
PREMIUM — HOSPITAL

- **Staff Mobility Badge (Congress Ticket PLUS)**
  Security: No need to provide with a 24/7 permission, reduced risk of misuse, reduced risk of sharing cards. Comfort: Self prolonging.

- **Promotional Codes**
  Digital parking permission – sending out e-mails with parking permission instead of coding tickets and hand these over. Less handlings costs, maximum range.

- **Cash and Tickets' Inventory Report**
  A must have! Make your service most efficient due to precise analytics where and what to care.

- **Web Validation Manager incl. Report**
  Flexible location instead of having a fixed installed unit.

- **Pre-Booking**
  Online Payments grant and assure an increase of the car parks' attractiveness. Sales guarantee for pre-booked parking spaces. Flexible tariff design based on expected capacity utilisation.

- **Control Center Forwarder**
  Possibility to deal with control room.

- **DESIGNA eCademy**
  Well informed employees are able to make the most out of your system. Online Training Platform speeds up even new employees due to available tutorials (how to deal with consumables).
